“

I was first introduced to INOVA Magic Sheer by my hairdresser. I loved the sheer texture, weightlessness, and scent. It also tamed my hair so no frizz or flyaways.

When I stopped going to the salon I looked on Amazon and saw it was available I was happy to find it because it is a professional usage brand.

I Haven't stopped using it since. It's been 10 years now. I recently recommended it to a close friend and let her try it. She loved it! That is why I purchased 2 bottles...so I can gift it to her! Thanks again for an awesome product.”

TESTIMONIAL

"I received my hair keratin shampoo along with the keratin conditioner. As soon as I received it and it leaves my hair soft and anti-frizz, what I like the most is the smell and how it kept my hair shiny and flat. After using it with the hair-intensive mask it made my hair look shiny after my hair being processed. I will definitely recommend it to anyone and will buy it again"

FAQ

WHAT TO DO FIRST THE KERATIN OR THE COLOR?

A: We advise that you apply the color first, and then you can apply the keratin the very same day.

@inovaprof

FAQ

HOW LONG DOES THE KERATIN LAST?

A: The One Step Kera Quik organic keratin treatment lasts anywhere from 3 up to 5 months and the 24 Hour Gold and Ultra Smoothing keratin may last 4 up to 6 months, with the recommended hair care.

Again, it all depends on the after hair care products that clients use. The most important thing is the after-care products they use, after the hair treatment. For the Simply Silk vegan keratin the durability will depend on the executed procedure and the type of hair, it could be anywhere from 3 to 6 months.
